Student Member - 50.00

Students enrolled in a midwifery related course.

Supporting Member – 25.00

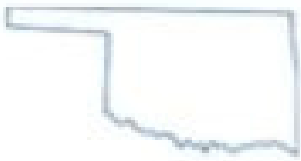

Consumers wanting to support midwifery.

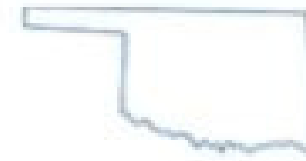

<http://theamericanceo.com/>

Our goal is to facilitate the community of midwives in Oklahoma and surrounding areas in working together, supporting each other and the furthering of the education of midwives and the public. It is also our goal to represent Midwives and Mothers in Oklahoma in their pursuit of out of hospital birth with a trained Midwife in attendance. As an organization, we promote safe midwifery care through Evidence Based Care and the process of Informed Consent and Refusal. We also value the continual development of positive relationships between Midwives and higher level medical care. Our desire is to grow together, supporting each other while providing professional accountability, and furthering the advancement of midwifery in Oklahoma.

There are not any open projects at this time.

NACPM envisions a primary maternity care system in our country where all women access care through a midwife, where birth place is the choice of the family, and where all women and babies have the same chance to be healthy.

PROJECT

To achieve its vision and fulfill its purpose, NACPM implements a variety of initiatives and projects. NACPM recognizes the power of building and participating in coalitions to multiply its influence on policy, practice and outcomes. Today, NACPM partners with midwives, consumers and other stakeholders to unify and strengthen midwifery in the U.S. and to influence state and national policy to improve maternity outcomes throughout the country.

Visit here to see a list of current projects:

Alliance of African Midwives

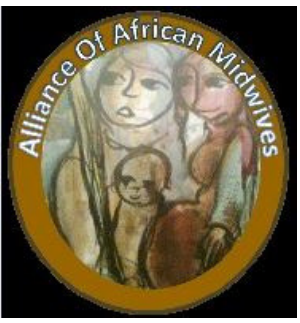

To see better maternal and child health for the people of
Africa.

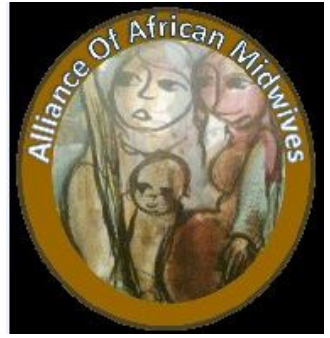

MISSION

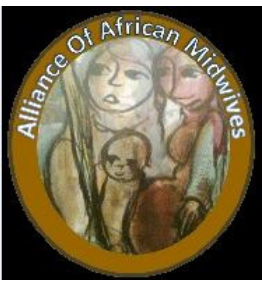

**Working to strengthen the
capacity of midwives in
Africa to identify and meet
the needs of the countries
they serve.**

MEMBERSHIP

This is not a membership based organization.

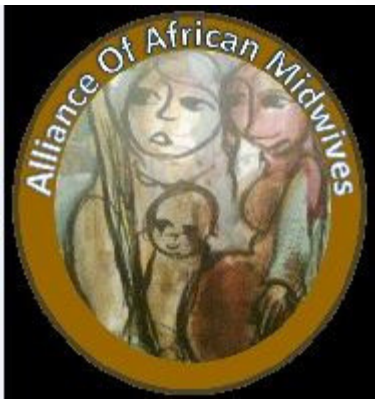

OFFICERS

President and Founder

Dorothy Mckune, TM

<http://www.african-midwives.com/contact-us/>

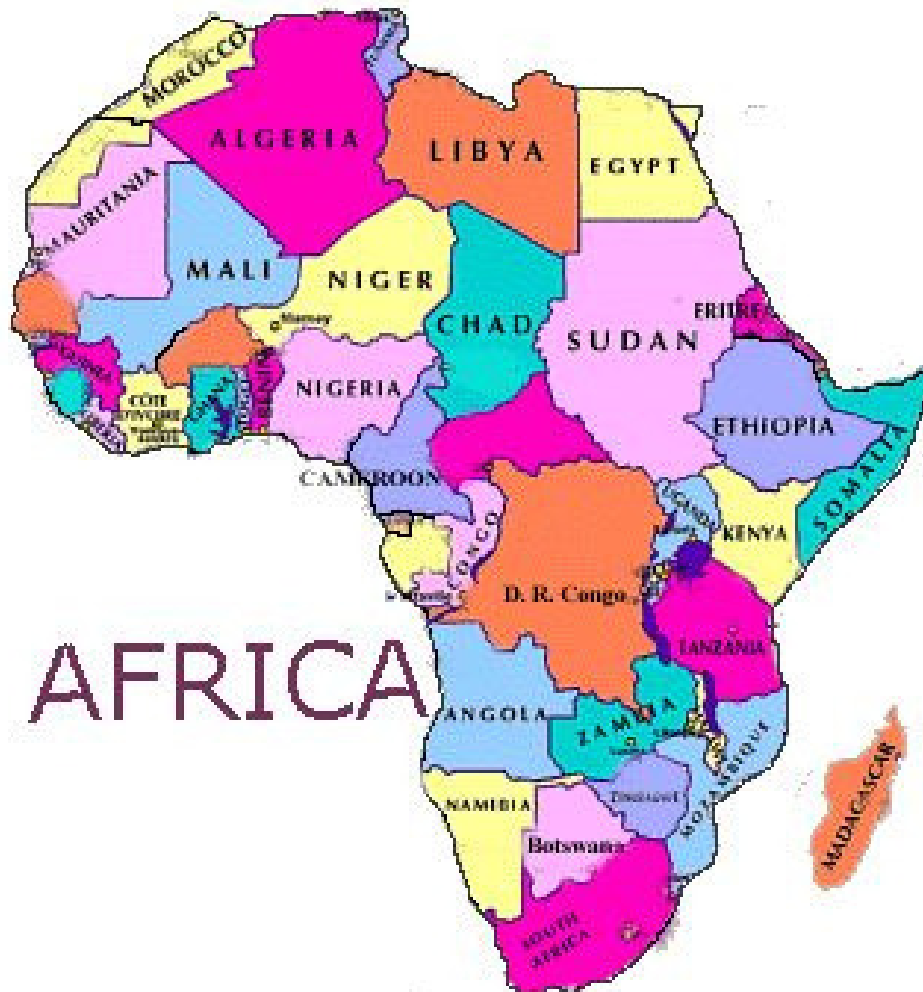

<http://theamericanceo.com/>

To unify and strengthen midwives of Africa, thereby improving the quality of health care for women, babies, and communities in Africa.

PROJECT

In 2017 the AMA will be adding every countries head of nurse and midwifery director to the organization.

They are looking for solutions for web based contact info as many countries do not have internet capabilities.
